Subject: Gold King Mine - Mobil Lab

Hi Peter,

Are you working on the Gold King Mine response? If so, I think Kay Lawrence told me you responded to Farmington with the mobile lab, is that correct?

I'm the Finance Section Chief for the response and need some information:

1. What is the daily burn rate for the mobile lab? Please include move and demove.
2. When did you deploy the mobile lab?
3. When is it anticipated that you and the mobile lab will return?

Thanks,
Kathy
